

Molly Wisecarver

I started breeding Border Collies in 1990. My affix is Double M Stockdogs. My first litter was a cross between a wonderful bitch (my first BC) and my friend's male that was also very accomplished in herding. This produced my heart dog Murdoch (HXSsd HXBs). Murdoch initiated my addiction to the Border Collie. Murdoch was the sire to Moca (HC HXAsdc HXBsd) that many of you may know.

Over the years I have breed several dogs that have been successful in all venues - conformation, agility and most important herding. I am a breeder of Merit and AKC 2015 Performance Breeder for the year. As a top performance breeder I understand the importance of structure and movement. This is the core to our breed as the top performance dog in the world.

I have competed at several National Specialties in the past 16 years as well as judging herding in 2012. I compete in all venues - agility, rally, obedience and, my true passion, herding. I have titled 17 Herding Champions 8 of those are Dual Champions and earned over 65 Herding Excellent titles. I have several titles in Agility, Rally, and Obedience, along with Conformation. I trained and handled the Top Five Versatility dogs at the 2014 National Specialty. Competing in all venues has broadened my knowledge as a breeder. A well-rounded, structurally correct dog is a dog that can go on to do anything.

I am honored to be nominated and would appreciate your vote for Conformation Sweepstakes judge at the 2017 Border Collie Society of America National Specialty.
